Mother's Day Collage Printables

THE CLARK

Create a custom collage to celebrate a mother, grandmother, or mother-figure in your life! Use these Clark-inspired printables to decorate a card, poster, banner, or anything you can imagine.

Start by printing out this PDF on regular 8.5 x 11 paper in grayscale or color ink—each option will give your collage a different effect. (You can experiment with different colors and weights of paper, too.)

Once you cut out the images, you're ready to start collaging! Make sure to play around with different arrangements of the collage elements before you glue or tape them down. Feel free to add family photos, magazine cut-outs, or any other decorative additions you have at home.
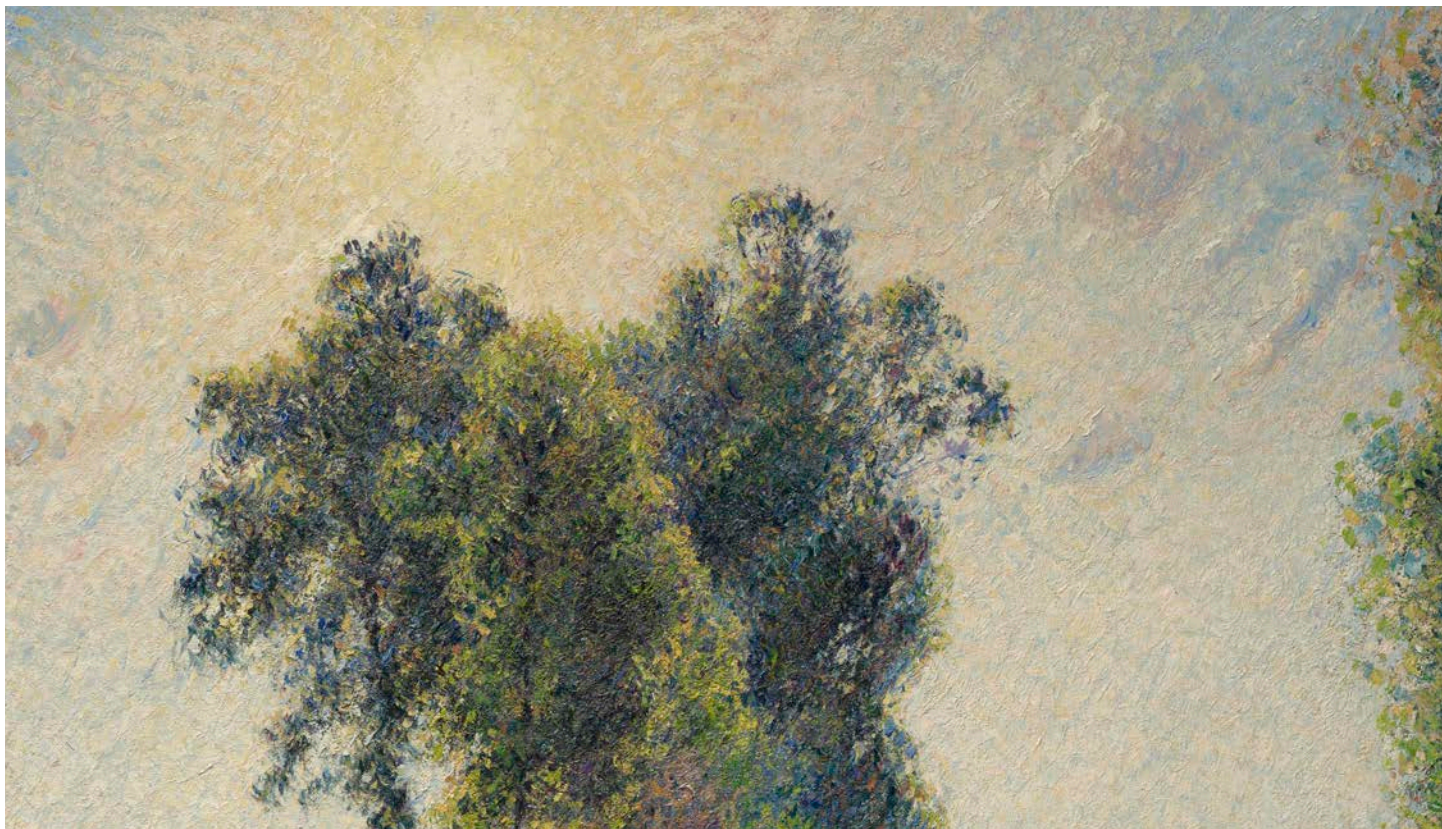

We've curated this collage package just for you, but you can always find more images for your creations by browsing our digital collections at **clarkart.edu!**
